

Room 12 Newsletter

July 2010

Dear Parents/Caregivers,

Welcome back to Term 3 in Room 12.

It has been a very settled start to the term, with the children all working well.

Our integrated theme this term is 'What Makes It Go', (looking at energy and forces). Our main focus will be Magnetism.

We are doing fractions, proportions and ratio in maths this term, with a two week look at probability and chance around the middle of term. PE this term includes gymnastics, dance (folk dance/jump jam) and large ball-handling skills.

Options have started this term, with kids taking part in specialised activities they would not normally get a chance to do. There is a cost for the 5 sessions we have planned - thank you to those who have paid promptly.

Please remember to provide slippers and games for the cold, wet indoor lunchtimes if you can and remember that you are welcome to pop in and say hullo to us at any time (especially at reading time)!

I will look forward to seeing some of you at interviews near the end of term.

Regards,
Debbie Tangen.
