

ROOM 7 NEWSLETTER
TERM 3 2010

Dear Parents/Caregivers,
Welcome to term3.

Our theme for this term is "What makes it go"

The children will explore everyday examples of physical phenomena (eg. Movement, forces, electricity, and magnetism, lights, sound waves and heat)

English/writing

We will still continue to work on punctuation and building up vocabulary.

We will also continue working on using word cards and dictionaries to find unknown words so they can be independent writers.

They will work on report writing, labelling and will continue diary writing.

Reading

I am very pleased with the children's progress in reading. It is great to see them choosing to read in their spare time. I would like to thank you for your support.

Maths

We will be covering, Geometry and Measurement, Number and Algebra.

The Arts

We will share music making with others and respond to music.

We will share dance movement through informal presentation.

Health/PE

We will focus on balance and rotation (gymnastics) and folk dancing.

I would like to thank the parents who have come to help in the classroom.

Please remember that school begins at 8.50 with our fitness circuit. Some children are arriving after that time and are missing the fitness time.

As we are doing a lot of work looking at maps and looking up word meanings in a dictionary, it would be really helpful if you could possibly purchase an atlas and dictionary for your child to use at home.

If you have any concerns please contact me.

Regards
Jan Dodd
